A GNOME AT THE START OF THEIR ADVENTURE

GNOMINATE!

Have you seen the gnomes? Perhaps there's one sharing your campsite. Each Search Team and Realm has a gnome to take care of on their travels around Cuboree. Maybe you'll see your gnome's friends on their travels, make sure you ask them their names.

#ROVERSDOSTUFF

Call for all Rovers helping out at Cuboree to meet up at 5.30pm Sunday outside the Shakespeare Centre for a group photo.

ALIEN DISCO!

What an amazing night! We had such a great time dancing the night away in our alien costumes that we made during the day. We were even infected by alien germs. During their travels the germs became infected with the Cuboree spirit. Then the germs came to share the spirit with such a fun song, infecting everyone! They made sure that everyone had a great time. What frantic fun it was to see the Ceremonies Team do it all in reverse. Everything was awesome!

REMEMBER: THE CEREMONIES TEAM IS COMING TO YOU TONIGHT

TV STARS!

Today local WIN News was onsite to capture some of the fun and excitement of our first full day. Thankyou to everyone who did a great job telling everyone why Cuboree is awesome!
